

The Council works through
Standing Committees

Advisers of these 5 committees are
elected each year to investigate and
report to the Council on their
specialised areas of concern

AIMS

To promote the interests of women and secure their proper recognition in the community

To educate and increase community awareness on the status of women, the importance of the family and the care of children

To provide a bond between women's organisations and a means of coordinated expression for organisations affiliated with the council

To represent the interests of women in general before parliament, local governing authorities and the courts

To promote the moral and social welfare of the community
