AIPIO Seminar

Friday 1st May

0800 Registration Opens
0850 Forum Commences
1600 Networking Drinks

This seminar will introduce the theme of 'Making Sense of a Changing World' by looking at how we can use intelligence to meet some current challenges. This event is intended to act as a taster for our 2015 Annual Conference to encourage practitioners to examine and improve their practice in light of the information and training provided. This event will also provide an excellent opportunity for professional networking.

Sessions will be provided by practitioners, managers and researchers who will offer practical advice and training to increase knowledge of intelligence issues and practices.

SPEAKERS

Dr Gavriel Schneider

Chief Executive Officer at Risk 2 Solution

Mr Shannon Armstrong

Intelligence Capability Development Specialist

Mr Brett Pepler

Adjunct Professor Macquarie University

Australian Counter Terrorism Centre (ACTC)

Australian Institute of Professional
Intelligence Officers
