

Melbourne School of Classical Dance has spent the past 18 months working with various designers, manufacturers and suppliers to bring a high quality classical leotard and tights to the school. Over this period, a number of students have tested the leotards and tights in studio conditions, then providing valuable feedback.

We're delighted to be able to offer our new range for 2019. Made from Tactel® fibres, the leotards are light-weight, smooth, breathable and incredibly soft to wear. It also dries 8 times faster than cotton!

With a price range from \$33.00 to \$60.00, this represents excellent value and considerable savings when compared to the current uniform, not to mention the convenience of being able to purchase at the studio.

Sample colours and sizes are on display at reception and will only be able to be purchased through the school. There are no other retail outlets that carries our brand and range. It is exclusive to MSCD and will be the only leotard permissible in 2019, other than free leo days.

Matching hair bows and chiffon skirts will be available in the new year and we will continue testing a range of ballet flats for Pre-Ballet and Preparatory Divisions.

Below are links to the Order Forms and some images for reference. The colours depicted may differ slightly than the actual material colour.
