

Zeus Appollo Solar Panel Mounting System Warranty

25 years Long Lifespan, 10 years Quality Warranty

Beijing Hua Xin Liu He Investment (Australia) Pty Ltd (hereafter referred as Zeus Appollo Solar) warrants hereby a 25 years Long Life span with a 10 years Quality Warranty that its Anodized & Hot-dip Galvanized Steel Solar Panel Mounting System and its other all Solar Panel Mounting System are free from defect in materials and workmanship on the terms set out in this warranty. The warranty period is valid from the date on which the mounting system is purchased from Zeus Appollo Solar. And this warranty is applicable to all its installers/installing companies, general regional agents, distributors, and wholesalers.

In the event that the system does not conform to this warranty during the Warranty Period, Zeus Appollo Solar will, at its option, replace the mounting system or pay the cost of having the mounting system repaired or replaced. To the extent permitted by law, Zeus Appollo Solar's total liability under this warranty will in no case exceed the repair or replacement of the mounting system or payment for the cost of having the mounting repaired or replaced. In the event of replacement of the mounting system, any remaining part of the Warranty Period will be transferred to the replacement mounting system.

This warranty will not apply to any defect or damage to the mounting arising directly or indirectly from:

1. Shipment or storage of the mounting system;
2. Improper installation, maintenance, repair or use of the mounting;
3. Normal wear and tear;
4. Misuse, neglect, abuse, accidental damage or modification to the mounting system;
5. Failure to observe the instructions set out in the Installation Manual; or
6. Power failure, power surges, lightning, fire, explosion, flood, extreme weather conditions, environmental disasters or other causes outside Zeus Appollo Solar's control, as determined by Zeus Appollo Solar in its sole discretion.

This warranty does not cover, and under no circumstances will Zeus Appollo Solar be liable for, any costs associated with the removal, shipping, handling or re-installation of the mounting system or the costs of sending personnel to any site to repair or replace the mounting system.

This warranty is only applicable for Zeus Appollo Solar's solar panel mounting system. Where other products such as solar modules and flashing are used with Zeus Appollo Solar's mounting system when installing, covering warranties should be required from the related suppliers.

This warranty is only provided to the original purchaser of the Zeus Appollo Solar, Solar panel mounting system (Purchaser). This warranty is not transferable. Where an End-User wants make a claim under this warranty, the End-User must in the first instance contact the installer or builder from whom the mounting system was purchased.

This warranty will not apply to any claims received by Zeus Appollo Solar after the expiration of the Warranty Period. Zeus Appollo Solar makes no warranties, expressed or implied, other than the warranties made herein, and specifically disclaim all other warranties, representations and conditions to the extent permitted by law. To the extent permitted by law, in no circumstances will Zeus Appollo Solar be liable for direct, indirect, special or consequential damages arising from a defective mounting system or for any damage or injury to persons or property. Zeus Appollo Solar's aggregate liability, if any, in damages or otherwise, will not exceed the invoice value of the mounting system at the time of purchase from Zeus Appollo Solar.

Any provision contained in this warranty which is prohibited or unenforceable in any jurisdiction will be deemed to be ineffective to the extent of such prohibition or unenforceability and will not invalidate the remaining provisions nor affect the validity or enforceability of that provision in any other jurisdiction.
